St Matthews High School welcomes Principal Mr Mqgoba

Presented by:

St Matthews Newspaper club

Edited by: Jolande Swartz

Book Club 2017

Reading is fun !!!

Sifunda Kunye's book club at St Matthews High School reopened for 2017 on the 21st of January, with Sifunda Kunyes Facilitator Sangga, and all the student volunteers from St Matthews High School. We had a fun time with storytelling, song and dance and reading. Sifunda Kunye has a weekly book club for all the children that want to join on a Saturday, at St Matthews High School, in Keiskammahoek.

Athletics 2017

ATHLETICS SPORT OF 2017

On the 20th January 2017 as the ST. Matthew's school we had our inter-house at our grounds. it was a competition between our students, where we divided them into different houses. We had white, blue, red, yellow and black.

The yellow team was so fortunate that it came position one out of the whole school.

Students who won during the inter-houses were going for the inter-schools to represent our school.

On the 27 of January 2017 our town Keiskammahoek had inter-houses and our students went to represent us. Even the students who weren't participating were allowed to show support by watching.

42 of our students managed to succeed in the inter-schools and were given a

chance to proceed to King William's Town for Sub-District of Amathole competition.

From the Sub-District, 6 students succeeded to East London. The Athletes represent our District of Amathole. Congratulations to Avumile Mgyue for being chosen to present our Eastern Cape province. Written by: Dayile Zimkhitha

St Matthews Debating team SOPA 2017

St Matthews Debating team visits Bhisho Parliament. SOPA 2017

On the 11 of March 2017 the debate team represented St Matthews in Bhisho parliament. St Matthews was invited to the Eastern Cape Legislature in Bhisho to observe The State Of The Province Address Schools Debate 2017. We were very honoured to be one of the

schools amongst the other schools to be chosen for the SOPA debate 2017.

There were four categories and in each category our learners participated, and delivered a speech. Overall winner of 2016 delivered a message of support, and then the premier "Mr Pumullo Musualle" delivered his speech. After the speech

of the premier, the winners were announced from each category. Thank you to our supportive principal and teachers for always supporting our debating team.

St Matthews Drama club takes first place

Well done to the drama club at St Matthews and Sanga, Sifunda Kunye facilitator for winning a drama competition for a second year in a row hosted by the liquor board of South Africa. We are very proud of all of you.

**St Matthews High School
visits Addo, Port Elizabeth – Columba Leadership Academy.**

During this past term on the 12th of February 2017, twelve learners from St Matthews High School visited Addo, Port Elizabeth. The twelve learners were chosen based on their essay that was written about “What would I like to change about my school, community and themselves”.

The 12 learners visited Columba Leadership Academy, learners learned about awareness, focus, creativity, integrity, perseverance and service as a leader.

Quote of the day “Sharing resources selfishly and effectively, using your strength and experience to take meaningful action, let all contribute to the greater good”

Let us all activate the inner leader in ourselves as individuals, and remember we all

have the potential to be a leader you just need to push in the right direction.

By Mbalentle Mafai Grade II

Career Exhibition

On the 3rd of March 2017 students from Grade 9 & 10 visited Briedbach Secondary School in King William’s Town.

Universities that did presented the career exhibition were Fort Hare University, Walter Sisulu University.

The career day assisted us all to gain knowledge of how to plan for our future studies and careers.... One important lesson we all learned and many forget or forgotten in South Africa—” Education is the key to a successful future”

SPORT NEWS

MATCH ST.

MATTHWES AGAINTS ULANA

The 8th of March 2017 we went to play sport at ULANA SECONDARY SCHOOL here at keiskam-mahoek. We played Netball, Rugby and Soccer

Netball won amazingly, with the following Scores team D 16-0, team B 13-5 and team A won amazingly to 20-5.

Avela Zaci and Hlumelo Mbete from Team D brought the 16 score, from team C Ayandiswa Booie and Sivenathi Adams scored 11 goals all together, Team B Ayalizwa Mswana and Simnikiwe Batyi scored 13 goals.

Team A Hlumelo Ndamase and Emihle Tondile scored 20 goals. All these team brought home a win

Unfortunately for soccer they lost to 2-1. They only had one team and they complained about the sport field which was not level and the referee listening to the crowd, but they claimed that they had players who were not from the school, in short terms they took some of their player from the community to play against our school. The One goal was by Zizipho Matiwane, which was a free kick.

Both Rugby team, A and B won team B won 17-5, tries by Gawu Ndzondelelo, Ndzibongwana Siphokuhle and Sikho ndlangalavu. Odwa Dyantyi, Kuhle Matsoyiyane and Sinethemba Buhlungu with a conversion and they won 17-7.

At the end of the day we had a nice meal and we departed.

Rumours say that Ulana demands a re-match here at our school, but that has not been finalised yet.

Through all that, we had a great day and we had fun just like every friendly game should be.

Thank You

Man of the Match—Rugby

Well done to Nxlangalavu Sikho and Gwiana Masimagne—certificates of appreciation

CAMI Maths -

Confidence is a key factor to success in maths and confidence comes through mastery. In maths, learners must master each skill in order to progress proficiently to the next, more advanced skill. When this incremental learning is not achieved, gaps in mathematical knowledge can occur which may compromise the learner's mathematical development for life.

CAMI Education has been the front runner in Computer Aided Maths Instruction since 1984. Our successful after hours maths program led to the development of CAMI Maths - a comprehensive, curriculum compliant software system for learners aged 5-18. CAMI Maths helps learners to avoid learning gaps.

Benefits :

- It is the fastest maths system in the world, enabling students to do more sums per minute than any other system. Results are provided quickly and accurately. Children who progress quickly are, or become, eager, self-motivated learners.
- Learners can visit and re-visit concepts not yet fully understood. This gives them the opportunity to master and retain the knowledge needed to further their mathematical learning.
- The Autopilot feature intelligently adapts the exercise content and difficulty according to the student's performance. This ensures that students are given calculations which are challenging yet manageable.
- Learners progress at their own pace.
- Students are able to reinforce and test their own understanding while increasing their speed and accuracy in problem solving.
- Assessments are grade-defined.

CAMI Reader

Reading is the foundation of all intellectual learning. CAMI Reader is a complete reading and language system for learners aged 5-18 years.

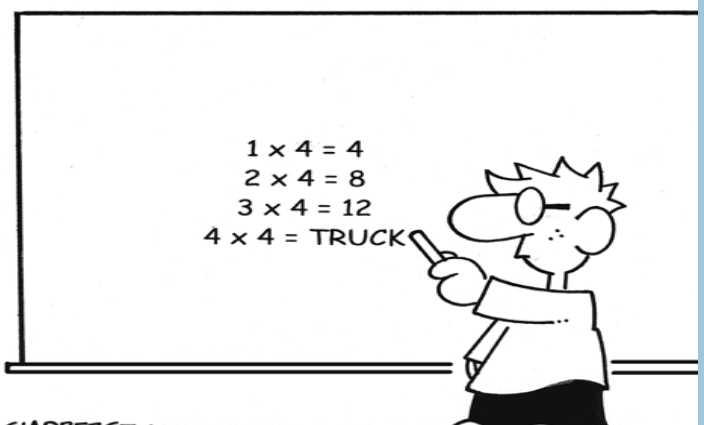

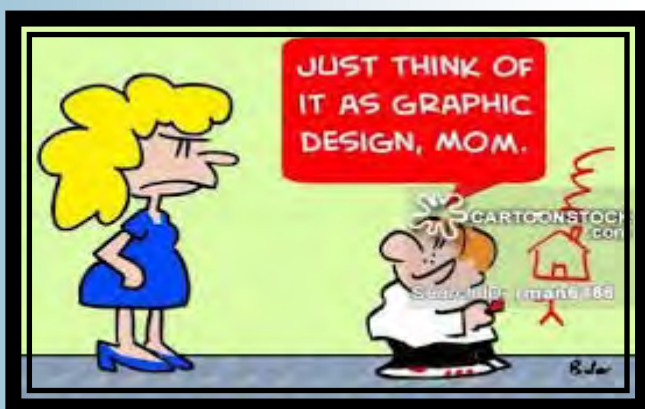

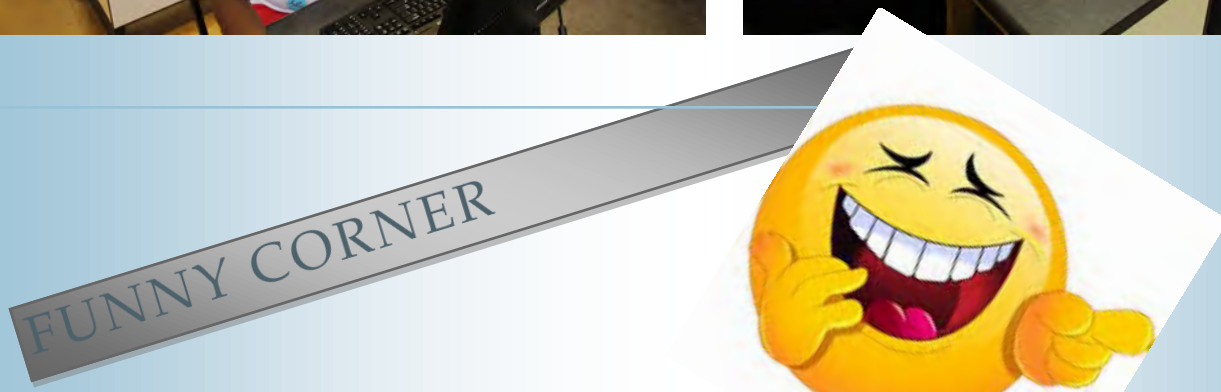

Benefits :

- Focuses on the development of new reading techniques and the expansion of language usage.
- Increases reading speed by training the learner to read groups of words instead of one word at a time.
- Facilitates the integration of other learning areas with reading - an important requirement of outcomes-based education.
- Assists the learner in the transition from reading aloud to silent reading.
- Helps to improve the students concentration and his/her understanding of what has been read.

**Cami Education Software—
Englsh Reader and Maths are available in
both Sifunda Kunye Labs at St Matthews
High School**
